

On This Side Of The Sun

By Phat

HOLIDAY—Just 452 years ago yesterday, Christopher Columbus discovered America. If he could come back today he'd probably ask himself: "Was that trip necessary?"

THE VILLAGE—If you don't think Palm Springs is rounding into mid-season form early—this week's visitors: Frances Langford at Torney Hospital last Sunday—just as big an eye full of the boys here as to those on the various fronts. . . . Margaret Sullivan negotiating traffic and missing jay walkers on Palm Canyon drive. . . . Col. Jimmy Roosevelt and wife taking the sun on the main street. Every time they came up town from the Desert Inn, they passed the G.O.P. headquarters. Hand in hand, they seemed to enjoy it. Tuesday they went by just as G.O.P. impressario Art Bailey was hanging big pictures of Dewey and Bricker. . . . Dr. Russell M. Gray, former prominent local physician, meeting old friends here.

THIS AND THAT—1944 is a pretty good year to the superstitious. Only one Friday, the 13th in it. This is it. First one since August, last year, and the last one until April, next year. . . . Walter Kofeldt, C. of C. secretary, says I gave him too much credit two weeks ago. It wasn't his idea to have Thomas E. Dewey spend the weekend in Palm Springs. Art Bailey thought that one up. . . . Can't you do something about this cigarette shortage?" queried a Village housewife. "The old man spills tobacco over everything trying to roll his own." . . . It is estimated that 40,000,000 Christmas presents were mailed overseas in the period from Sept. 15 to today.

MUSIC—Always thought that song "Dancing With a Dolly" sounded familiar but couldn't place it until the other night when I happened to put on a record of that old "Don't Sit Under The Apple Tree," so popular at the start of this war. Try it some time. . . . "In Palm Springs" that song about the Village, got on the air waves the other night. It's good, too. . . . It was written in a happy moment of inspiration by Jack Kenney while on a visit here. . . . "It Had to Be You," an oldie that got way up to third place in the Hit Parade, has fallen off the pace and is now down in the also-rans. But another oldie is in the money. "Together" made third place last week. . . . The solitary stroll is still No. 1. . . . My idea of a great evening would be to hear all of the No. 1 hit tunes of the past year in one grand concert. . . . With "Who" as a finale.

MORE VILLAGE—Gene Tierney and husband, Lt. Aly Casino, came down the first of the week to look over local property. They got Milton Mack, in his role of realty broker, to show them several houses. Although they didn't buy a house, he sold them. He took them to his Doghouse and sold them hot dogs while they autographed the walls on the spot. . . . This hotel Men's session is going to be a great thing for Palm Springs. The largest convention in the association's history, it has impressed men who probably have more influence with tourists than any other group, that Palm Springs is still very much on the map as the nation's foremost winter resort. . . . And they'll tell them.

POLITICS—Best crack of the week (in my opinion) — Gene Fowler's comment after hearing Harold Ickes speak in Los Angeles: "Roosevelt may be licked by the jawbone of an ass." . . . Who was it who said something about let anyone make the nation's laws just let me write its songs? If music plays such a powerful part, then Hapless Harold hurt his cause when he attacked Bing Crosby last week. . . . Especially since FDR asked Frank Sinatra for information on his power to make girls swoon.

AND FINALLY—Since Ickes ran in Crosby's horses in a political talk, this campaign is taking on the appearance of a barnyard. A few weeks ago it was a dog.

Field Club Election Set for Nov. 14

Voters to Decide
Purchase Issue at
2 Polling Places

Palm Springs voters will go to the polls Tuesday, Nov. 14, in a special municipal election to determine whether the city shall buy the Field Club, it was decided Wednesday evening by city council when a resolution calling the election was adopted by a 4 to 1 vote.

Polls will open at 10 a. m. and close at 7 p. m. and there will be two polling places—the Palm Springs Builders' Supply office and the Frances S. Stevens school.

CONSOLIDATE PRECINCTS

To save election costs, voters in precincts 1, 6, 7 and 8 will vote at the Palm Springs Builders' Supply on South Palm Canyon drive and voters registered in 2, 3, 4 and 5 will vote at the school on North Palm Canyon drive. There will be four officials in each precinct, an inspector and three clerks. Pay of election officials was fixed at \$6 for inspectors and \$5 for clerks.

The southern precinct will be known as Precinct A and the northern as Precinct B.

The election call followed approval of a lease with the Field Club to extend to Nov. 30.

ON PURCHASE PRICE

Field Club directors met Wednesday morning and adopted a resolution offering the city a lease from July 1 to Nov. 30 at \$833.33. The old lease expired on June 30 and the city has had use of the grounds pending purchase negotiations. The rental paid will apply on the purchase price if the electorate favor the proposition on the ballot Nov. 14.

The terms of sale are substantially as offered before. First payment of \$15,000, less the rental, \$833.33 or \$14,166.67 is due Nov. 30, this year. Second payment, \$17,000, is due Nov. 30, 1945 and the final payment, \$6,000 on Nov. 30, 1946.

LEASE APPROVED

Council approved the lease, on a roll call vote, five to nothing. Mayor E. E. Theriaue, Councilmen Maurice McCann, Clarence Hyde, Walter Allen and Armand Turonnet, voting yes. Councilmen Culver Nichols and C. P. Adams were absent.

Important Session Of C. of C. Board Scheduled Tuesday

An important meeting of the board of directors of the Chamber of Commerce will be held next Tuesday noon at the Desert Inn, it was announced today. It will be a luncheon meeting.

Members are urged to contact Walter Kofeldt, secretary, if they wish to attend their board's meeting so that reservations may be made.

Like Pets? Shelter Has Big Choice

Mrs. Billy Lipps, president of the Desert Animal Shelter, said this week that that organization had established a pet adoption cradle at Dr. O. B. McRory's veterinarian offices south of the Palm Springs Builders' Supply plant and that there were several pets there available for adoption.

She urged Villagers in quest of pets to see the dogs, puppies and a mother cat with kittens now awaiting some kind owner.

The Animal Shelter has been active all summer in looking out for strays and abandoned pets and is now on the look out for good homes for its wards.

Just a Case Of Fallen Arches

About a month ago a big army truck started into the parking lot on North Palm Canyon drive just north of the Railway Express office. It was just the least bit too high and scraped the top of the arch leading into the lot. The driver backed his truck out.

This is believed loosened the two support pillars. Wednesday night an express truck driven by George Sutherland went through the arch. The truck was lightly laden and did not touch the arch. But the vibration is believed to have completed the work started by the truck a month ago.

The arch crashed with noisy suddenness onto the truck, just missing the cab and started driver.

Beyond a bad case of fallen arches, damage was nominal.

Villager Wins Bravery Award in Solomons

(Picture on Page 16)

Pvt. Theodore A. Ashley, son of Mrs. H. H. Ashley of Palm Springs, will have to go in for chest expansion if he plans to wear all of his medals at the same time. In word received this week from her son, Mrs. Ashley learned of three awards given him.

The first citation was for bravery in action at Bouganville, in the Solomons, where he single-handed silenced a Japanese pill box which was impeding the advance of his outfit and did not cease his attack until stopped by hand grenade which caused slight wounds.

SILENCES PILL-BOX

In the Bouganville battle, the citation set forth, the enemy had succeeded in penetrating the American lines and obtaining possession of a commanding ridge which menaced a U. S. supply line and exposed troops to Japanese fire. Pvt. Ashley was with a detachment which crawled up the ridge to within ten yards of the main pill-box when they were discovered by the Japanese and put under machine gun fire. "On his own initiative," the citation went on, "Pvt. Ashley arose to firing position and fired his automatic gun into the aperture in the pill-box, continuing firing until he had silenced the

Superior Court to Get Pavny Case

Defendant Appeals
Conviction in
Water Dispute

M. M. Pavny, operator of Pavny's Trailer Mart, who invited arrested in an attempt to bring to a head his attempt to obtain water service at his place on South Palm Canyon drive, was at liberty under \$500 bail today pending decision on his appeal from conviction last Friday in Judge Guy Pinney's city court.

Mr. Pavny was convicted on two charges of illegally tapping a water main. He took water from a fire hydrant nearest his property, bringing the city into the case.

SENTENCE IMPOSED

Sentence was pronounced Monday morning by Judge Pinney, Mr. Pavny being fined \$250 on the first charge with another \$250 fine and a suspended 30-day jail sentence being imposed for the second charge. Officer Joe Smoot was the chief witness for the prosecution on both cases.

Attorney James R. Lineburg of Los Angeles represented the defense while City Attorney Roy W. Colegate handled the prosecution.

BOUNDARIES FIXED

The case extends back several years when the state railroad commission established boundaries on the district in which the Palm Springs Water Company must give service. Mr. Pavny's place is outside of these lines. This spring, Mr. Pavny petitioned the commission to force the water company to serve his place. Two hearings were held but the case was not completed.

On August 12, Mr. Pavny helped himself to water, according to the complaint and on Sept. 6 the first complaint was filed.

TAKES MORE WATER

On Sept. 11 Mr. Pavny, according to testimony offered at the trial, appeared at the city hall and proffered \$20, saying he planned to take more water. The tender was refused because under the 1941 state railroad commission ruling setting up the service area, the city was without authority in the matter.

Mr. Pavny then said he was going down to take more water and was again arrested.

HEARD AT SAME TIME

By stipulation of both attorneys, both charges were heard at the same time as they had identical witnesses and evidence. But Judge Pinney instructed the jury that two verdicts were needed, one on each charge.

Following a morning which was devoted to selecting the jury and an afternoon of evidence, the jury late Friday brought in a verdict of guilty on both charges.

Attorney Lineburg appeared in court Monday, date for imposing sentence, and filed notice of appeal. The case will now go into the hands of superior court. Bail is \$250 on each charge.

ALL IN ONE

According to these figures, there will be 874 voters eligible to vote in Precinct A (consolidated Nos. 1, 6, 7, 8) in the Field Club election and 986 (consolidated 2, 3, 4, 5) in Precinct B that day.

Arrival of Male Revealed Today By Post Office Aide

James Richard Hogg is among those who will soon make his appearance in Palm Springs.

The young man was born to Mrs. J. O. Hogg, wife of the assistant postmaster, at Redlands last Thursday.

Mrs. Hogg and son, both of whom are making rapid progress, are expected back in the Village on October 20.

James Richard is the third son, Assistant Postmaster Hogg, however, says he is used to the arrival of male.

Village Turns Out For Western Week

Big Parade, Gymkhana to be Climax

Gymkhana at
Field Club to
Attract Throngs

Western Week got under way with the well-known bang this week and its momentum has been increasing steadily. Villagers blossomed forth in a splash of color and western costume prevails in the stores.

Sponsors of the event are highly pleased with the success to date and anticipate a great climax Sunday when the big parade and gymkhana will wind up the week.

DANCE BIG SUCCESS

Tuesday night's opening event, the western dance at Rogers ranch, was a tremendous success with more than 400 persons in attendance. First kangaroo court of the week was held last night.

Scoutmaster Chief of Police Lyle J. Sanard and Cubmaster, Police Sergeant O. O. Johnson urged all Scouts and Cubs to be at the parade, start at noon Sunday to swell the ranks of their entry.

when just punishment was meted out to those Villagers who had transgressed.

Great crowds gathered at the parkway north of the Desert Inn garage where a hill-billy band dispensed western music and prominent Villagers were soaked anywhere from 25 cents to a dollar for various offenses.

STREET MUSICIANS

Strolling bands of musicians, furnished by Cuko Salazar will roam the streets tonight and tomorrow night to summon the crowds to the Kangaroo court.

Permission for this part of the week was granted by city council Wednesday night.

There will be another session of the court tonight but the street dance planned was can-

celled when the Plaza, where it had been planned, was unavailable for the event.

PARADE PLANS

The week will be climaxed Sunday and at a meeting Tues-

Nazi Flag Sent Home By Villager

The first Nazi battle-flag to reach Palm Springs arrived in town last weekend and created much comment.

It was sent Mrs. Lilly Rushing of Palm Springs by her son, Pvt. James Rushing, recently wounded in action in France and awarded the Purple Heart, as detailed in last week's issue of The Desert Sun.

When he wrote of receiving the Purple Heart award, he said that he had a captured German flag and Luger which he would bring back with him. But he sent the flag on ahead and it arrived last week. It is a large red banner with a white circle enclosing a black swastika.

Burro Train Plan Presented Council For Consideration

Application of R. H. Bennett to operate a burro train from Palm Springs into Tahquitz canyon or into Palm and Andreas canyons was referred to the Planning Commission when presented to city council Wednesday night by Mr. Bennett and William Veith, Indian agent.

The tribe has approved the plan but it must go before the planners as Mr. Bennett asked a permit to establish a corral on the reservation and a hitching rack off of Palm Canyon drive near the south end of town for the start of his burro trains.

The plan is to take people into the canyons and along the trails on burro back with competent guides.

Rogers Ranch Dance Permit Is Approved

City council acted favorably on the application of Trav Rogers of Rogers ranch for a renewal of his annual dance permit when it met Wednesday.

Cathedral City

By W. R. HILLERY

We are all very sorry when good old people die, but when young people or an infant dies it is so distressing and when an accident is the cause of their passing it is most shocking and such was the misfortune of a fine young couple in our village when they lost their first child this week. Lt. and Mrs. J. W. Peterson of the Air Force came to our village some six months ago with their boy baby right after its birth and they and the baby endeared themselves to all who came to know them. Last Monday evening, Mrs. Peterson visited with a neighbor while the child's father remained at home. Peculiar sounds from the child during the evening caused him to investigate when he found the boy entangled in his sleeping robes and strangled and unconscious. A wild rush was made to Palm Springs but with the best efforts of the doctors and the fire department, the child died. The grieving couple have gone east to join their parents and to attend funeral services in Alabama, the family home of Mrs. Peterson. I am sure I extend the sympathy of all the residents of our community to Lt. and Mrs. Peterson.

W. L. and Mrs. Jordan returned last week to their apartments after spending the summer at Balboa. Mr. Jordan will continue his real estate business here and with Mrs. Jordan, will operate their court. Mrs. Charles Philip Krauth came down from Big Bear and has taken the L. Grace cottage for the third season. Rev. John Abels was here over the weekend and tells me he and Mrs. Abels will return from Idyllwild this week and remain through the winter, conducting church services and looking after their court.

R. V. Landucci was seen on the street and I imagine that means that Dick is back for the season. Dick Landucci is among the handful of the first settlers to come here.

Speaking of the "first settlers" reminds me that last week either I or someone else made a slight mistake in my notes about Robert Martens. In the notes I meant to say that his dwelling was one of the first to be built here and the unintended word was FIN-EST. Mr. Martens modest home was ample for him though certainly not one of the finest. A number of Mr. Marten's friends attended a very nice service at his funeral in Indio last week.

Mr. Edward W. Tanck left for San Diego this week to visit his daughter. Mr. and Mrs. Max Vaucher and two of their daughters were here over the weekend. Max is teaching in Claremont this year while two of his daughters attend private school there.

Morgan Gepfert with his wife and son and daughter, came out to visit his parents, Mr. and Mrs. C. M. Gepfert. "Gep" was an unattached single blade in Palm Springs only a short time ago and now he is very much a family man. How time flies.

Mr. and Mrs. A. J. Lacey, after spending the summer at Idyllwild, came back to their home. Mr. Lacey has not been at all well and is under the doctor's care. In fact it was because he felt so ill that he returned when he did. We hope for the best kind of reports from the Laceys.

Among the many guests at Wolseths Desert Lodge this season there is one who is especially welcome to the community and that is Mrs. Mary G. Jenkins who sold her dwellings here last

First Sergeants And Splits Lead In TGH Bowling Loop

The six team handicap pin loop of the Torney Enlisted Section got underway last Thursday night October 5, at the Palm Springs Bowling Academy. The 1st Sgts. squad and the Splits bowled like potential champs in taking four points from the Yardbirds and Laboratory respectively, to tie for the league lead. Headquarters topped a fighting Panhandler squad to take three points and third place in the league standings.

All opening night scores were low, because of the lengthy lay-off between seasons. Individual high game record was established by Borum of the Lab five who counted 202 pins in his second effort. Alveraz' 201 (Panhandlers) and Repp's 193 (1st Sgts.) were next in line for top honors. No outstanding individual series or team totals were recorded.

Next week's meeting finds the Yardbirds opposing the Panhandlers, Splits vs. Headquarters, and 1st Sgts. vs. Laboratory.

agent by the people here. I'm perfectly frank in saying that with all the work I have to do I would gladly drop this weekly job of writing these notes if I felt that the village was not benefitted by maintaining a 52 weeks in the year medium of news of what takes place in Cathedral City. "Tiny" has The Sun on sale at the Date Shop and lately the scarcity of the number printed caused many to go without the paper and then the transportation was faulty and they were sometimes late. Most of that is being mended and Gordans deliver with the post-office service to those who subscribe and Tiny's stand should make The Sun available to everyone here.

Phillips Arrives Home This Week

After a trip to England to study conditions from the standpoint of labor and agriculture, Congressman John Phillips is back in the United States and is expected to arrive in Banning today for a visit with Mrs. Phillips and their daughter, Miss Margaret Phillips.

"The thing to do is to make every week of the 52 Fire Prevention Week."

The Congressman was one of twelve members of Congress selected for the trip to England. He telephoned to Mrs. Phillips Sunday to tell her of his return. While he is in Banning he will address a ladies' night meeting of the Banning Kiwanis club of which he is a past president.

OPA Announces Egg Prices For Year

Egg ceiling prices for the Grade A large size beginning with November and running through September, 1945 were announced today by Office of Price Administration. The November maximum retail price per dozen was set at 69c. In January it will be 61c; March, 49c; July, 55c; and next September, 67c.

The new prices, it was pointed out, are generally higher for the fall months of the year and lower for the spring months than previous prices for these periods. This adjustment will not increase the annual cost of eggs to the ultimate consumer, but permits the producer to receive full parity in each month of the year. Two cents may be added to the above prices when eggs are sold in cartons. OPA officials said.

The mild-mannered middle-aged little man had allowed himself, much against his better judgment, to invest in a ticket to a football game.

In the midst of a wild demonstration following a touchdown, his young host, a college man, slapped him enthusiastically on the back and exclaimed, "Now tell me, did you ever get so much excitement for two dollars?"

"Oh, yes," replied the little man. "That's what my marriage license cost me."

Make Every Week Fire Prevention Week, Chief's Plea

"All I've got to say about Fire Prevention Week is just this—it's too short," said Fire Chief Bill Leonesio this week.

"Every week of the 52 should be Fire Prevention Week," he added. "Just a little caution, exercised every week—every day and every minute, will save so much money, avoid so much grief, prevent so much tragedy, that I can't be too strong in urging that the lessons of safety first, be constantly remembered."

"Fire Prevention week is a swell idea to remind everyone to be careful—but it's got to be a year-around task to cut down the terrific loss due to fires."

"A little thoughtfulness about fire hazards and dangers, constantly kept in mind, will save a tremendous amount of regretfulness when too late."

"The thing to do is to make every week of the 52 Fire Prevention Week."

THE LESSON OF THEIR LIVES

"For nearly three years our nation has been engaged in a world war. Today our armed forces are winning victory after victory. Total, smashing victory is in sight. Germany and Japan shall be given the lesson of their lives—right in Berlin and Tokyo. 'America—our America which loves peace so dearly—is proving

The war is being won on the battle-fronts. It is also being won in the factory, the office, the farm, the mine and the home."

Chairman Dean Points Out That Income Tax Deductions Are Allowed for Contributions to War Chest Fund

That the government recognizes the needs served by the War Chest, the financing agency for USO, United Seamen's Service, War Prisoners' Aid, allied relief agencies and home front welfare groups is indicated by the fact that income tax deductions on gifts to the Chest have been authorized.

This was pointed out yesterday by William Dean, chairman of the Villaeg War Chest committee. Solicitation for funds in this area starts October 18 and will continue until November 11. The state-wide appeal is made to raise the \$20,000,000 quota.

"Contributions are deductible to 15 percent of net income before such deductions," the chairman explained. "In filling out the long income tax forms it is best to consult your tax counselor in order to receive the most credit from the amount of money you donate to support of these essential war-front and home-front services."

USO 50 PERCENT

"Of the 22 agencies benefiting from this second annual drive, the USO receives more than 50 percent of the budget allocation. This finances all the USO clubs, (220 in California alone), mobile units, information bureaus, personal services, home camps and overseas camp shows. For the men of the merchant marines, the United Seamen's Service operates rest and recreation centers on six continents where torpedoed seamen may recover from convoy fatigue. There, also, thousands of personal services are rendered, planes made, shipwrecked mariners outfitted, and mail home to worried families traced.

"Colleges of captivity lessen the dreaded monotony of war prison life for American boys interned in enemy prison camps. War Prisoners' Aid ships thousands of books and college materials so that the prisoners may keep their minds occupied. Recreational supplies are no small part of the tons of equipment routed into camps. Reports from German prison camps received through the YMCA here indicate that athletic equipment and leisure crafts contribute much to maintain the sanity of men with hours to loaf.

FOOD FOR ALLIES

"Food and clothing for starving allies in liberated areas will be shipped as often as possible through the work of the allied relief agencies. The agencies participating in the drive are: Philippines, Belgium, Britain, China, Czechoslovakia, Denmark, France, Greece, Italy, Lithuania, Luxembourg,

Dilworth Attends PAC Red Hearing In Los Angeles

Acting as a member of the interim legislative subcommittee on un-American activities, Assemblyman Nelson S. Dilworth of Hemet was one of a group of state officials conducting a hearing in the State building in Los Angeles yesterday.

Witnesses are reported to have denied that Communist influence pervades the CIO Political Action committee in California.

The subcommittee, of which Dilworth is a member, was headed by State Senator Jack B. Tenney. The hearing will continue today and tomorrow.

Board And Faculty Get Acquainted At Dinner At School

BY MARGARET WALKER

An annual "get acquainted" dinner was given for the Board of Trustees and the faculty Tuesday, at seven o'clock, on the campus of P. S. H. S.

Routine business was discussed and the board was introduced to the new members of the faculty.

Decorations followed the western theme. Tables were in the form of horse shoes and the members seated on the inside and outside of the table. Real horse shoes were used as place cards. Scattered over the tables, big cowboy hats were turned upside down with flowers arranged in them. Boots and saddles hung about, and desert shrubs were scattered throughout the room.

Dinner was served by Edith Greer, Lila Lee Lilley and Petronilla Mutascio. Miss Velma Konwall supervised the dinner.

Sale of Student Body Cards Comes To an End Today

Concluding the Student Body card sale today, it is felt that a substantial sum is now in reserve for future student body needs. Those who purchased the cards are entitled to free admission to all sports events and a reduction in local theaters and annual prices. The cards sold for \$1.50.

Special cards were also on sale to the public for \$3.00 which entitles the holder to all sport functions at no extra cost.

The credit for the sales goes to Violet Fletcher, Maryann Gorcester, Lila Lee Lilly, Petronilla Mutascio, Margaret Walker and John Wilson.

INCIPENT VANDALISM

Defacing school property is not a serious offense if someone thoughtlessly marks on the top of a desk, but it takes on major proportions when everyone makes a habit of initialing trees, furniture and walls with pencil marks and lipstick.

We talk so much about school spirit at football games and dances, but why limit it to extra-curricular activities? If a member of an opposing team's rooting section made any derogatory remark about our team or school, it wouldn't take long for several loyal supporters of the maroon and white to silence the offender but it is these same people who are the first to leave their initials to posterity via engravings on school property.

Defending our school from physical as well as oral attacks is a large part of real school spirit, so let's cooperate to the fullest extent and improve the existing —SALLIE LOCKETT

High School Will Play Big Part In Old West Parade

BY MARGARET WALKER

With a "Yippee Ay O Ki Ya" and a "Get Along Little Doggie," P. S. H. S. prepares to participate in the Western Week parade to be held Sunday, October 15, on Palm Canyon drive.

Three colorful units will represent the high school. A unit featuring the Glee Club, under the direction of Mr. Alexander Hammond, will sing old familiar cowboy songs.

An all-girl unit is under the direction of Miss Vashke Hronis. What these girls will do has not been disclosed. An all-boy unit will also participate.

A small pretzel band composed of the students will play tuneful western songs.

The parade will be noted for its colorful dress.

The faculty and student body entered into the spirit of Western Week by wearing western clothes to school.

GAZOZIT

(By G. B.)

Well, this week got off to a bang with the "Get Acquainted" party Friday night sponsored by the seniors. Just ask Omlin who put up the lights. You seniors did a swell job, thanks a lot.

Some of the couples at the dance were Fern and Emigh, Bob and Trudy, Norma and Smitty, Boyd and Inman, J. O. and De Lorse Roth. Oh, yes, who is the "slick-chick" Klug? Boots seems to have had quite a party Saturday night. Yvonne showed up with a new man. Bob Fern and Barbara Emigh were seen at Little Tuscany Friday night. How about that Dekano?

Miss Hronis seems to be quite the party maker. You sure did a wonderful job with the Senior party. Glad to have you as a junior class adviser.

Well, Tom Slye and Hookey are back together again—so the reports say.

Everyone seems to have fallen into the "Western Week" spirit. Even Mr. Greeley was seen in levis.

Let's hope everyone tried to get to the football game today at Beaumont. Since Beaumont is one of our oldest rivals, we need all the spirit the school can offer.

BOY OF THE WEEK

The sophomore boy we are about to introduce comes from Hollywood, a graduate of La Conte Junior high school.

Born April 24, 1929 in Uxbridge, Mass., he came to California year ago. His Bostonian accent is quite prevalent.

Switching sides made no difference as Bell carried it 11 more and Devers crashed through center for 7. After a five yard penalty, Bell ran end to 2 where Devers plunged over. Faking a conversion by Bell, Devers flew through center for the extra point. Score: Palm Springs 7; Riverside 0.

He plays quarter-back on the football team and his favorite subject is typing, typing and typing.

Grades? Ah, yes, his grade average is a "B". Lucky boy!

Interest turns to our sophomore's love life, which lies in Hollywood. The name, Bobbie Lewis.

Ambition is to be a civil engineer.

Musical favorites are Glenn Miller's orchestra, and song, "It Had to Be You."

He is frequently seen with Mort Algase and they spend much time bowling together.

May we present Charles St. George.

GIRL OF THE WEEK

It has been said that the journalism class attends to every ones business but its own. So true to this tradition, we snop this week into the private affairs of a popular Sophomore girl.

Born February 19, 1929, in St. Paul, Minn., she has brown hair and eyes, stands 5 ft. 5 in. tall and tips the scales at 113 pounds.

Formerly a student of Glendale high, she left her heart there in care of one Des Ames. Lucky man!

Her favorite food is corn on the cob.

"I love to drop in after school and have a coke with my pals, 'Boots' and 'Joy,'" she says.

"Clark Gable and Gene Tierney rate tops with me in the movies, but I like 'Frankie' too," she sighs.

Brown and blue rank first in color schemes with her. "I'll Walk Alone" really sends her and Harry James' orchestra is tops. "Two-faced people I can't stand and don't care who knows it," quotes the mystery girl.

Guess what Yvonne wants to be? Yes, that's right, a housewife. Ooops, I let her name slip.

If you haven't guessed this cute co-ed's name with all these first rate clues hanging around, may we introduce Yvonne Provencher.

Indians Register 13-0 Grid Victory Over Bear Sophs

BY MORT ALGASE

Palm Springs Indians trounced the Riverside third team by a score of 13-0.

In the waning minutes of the first quarter, Devers was nearly swamped 15 yards behind the line of scrimmage but tossed complete to Benson who lateraled to Slye for a first down. This was the only outstanding play of the quarter.

Several times in the second quarter the Indians threatened but Riverside held, with the aid of costly penalties and fumbles; a clipping penalty having recalled a touchdown by Devers and Rude having fumbled on the Riverside 4.

START CLICKING

Well into the third quarter the Indian eleven began clicking with Devers faking a quick kick and passing to Benson good for some 20 yards to our 47. Bob Bell, who really set an example for the heavyweights all day, carried it for 13 yards around end while Rude gained six twice to bring it down to the 29 as the quarter ended.

Switching sides made no difference as Bell carried it 11 more and Devers crashed through center for 7. After a five yard penalty, Bell ran end to 2 where Devers plunged over. Faking a conversion by Bell, Devers flew through center for the extra point. Score: Palm Springs 7; Riverside 0.

INDIANS GET BREAK

A Riverside fumble with eight minutes left to play gave us the ball on their 21, where Devers passed to Benson who lateraled to Bell for a touchdown. The kick was blocked. At this point the score was 13-0.

Outstanding on the gridiron were Devers, Bell and Rude who were all over the field. Guard Bob Lienau did some fine defensive work being the first man through their line every time. The center of the line was backed by Don Omlin who walled up his side of the line as well as he smashed up theirs, and Paul Benson whose gluey hands were responsible for many a gain.

Boyd Will Handle Sports Publicity For County Seat

Gillar Boyd, tentative sports editor for Palm Springs Smoke Signals, was appointed representative reporter for P. S. H. S. on the Riverside Press and Enterprise. He will be required to mail the schedule and line-up for the future games, and telephone in the game results to Mark Carroll, sports editor on the Enterprise.

"God hath not appointed us

for us, that, whether we wake or

sleep, we should live together with him."

Jesus asserts in John's Gospel,

"All that the Father giveth me

cometh to me I will in no wise cast

out. For I came down from heaven,

not to do mine own will, but the

will of him that sent me.... And

this is the will of him that sent me,

that every one which seeth the

Son, and believeth on him, may

have everlasting life." In the Lord's

Prayer, as given in Matthew, Jesus

says, "Thy kingdom come. Thy

will be done in earth, as it is in

heaven."

Mary Baker Eddy writes in "Sel-

First Meeting In New Public Forum Series to Be Held Next Thursday At Frances Stevens School, Announcement

The first meeting of a series of free public forum meetings will be held in Palm Springs Thursday evening of next week, October 19. This meeting will be held in the auditorium of the Frances Stevens Elementary School on North Palm Canyon drive. As in the past, the forum meetings in this series of four programs ending November 30 will be held under the auspices of the Palm Springs Union High School District.

For the first meeting, which is scheduled to start at 7:30 next Thursday evening, Dr. Richard Atkinson, noted traveler, author and lecturer, will speak on "The Riddle of Russia." Mr. Atkinson has traveled extensively over the world, specializing in Europe and Asia. He is a life-long student of Russia, having traveled to all sections of Russia and Siberia, and having lived with rich and poor worker and peasant. He has mastered the Russian language. He holds degrees from Canadian and American universities.

PROGRAM ANNOUNCED

The first short series of public forum meetings scheduled for the first part of the winter season in Palm Springs will present three other speakers to winter residents here besides Mr. Atkinson. The theme for this first series of meetings is "America Looks Ahead". Following are the names of speakers and the subjects; also the dates, for the programs already arranged for:

October 19, Richard Atkinson, "The Riddle of Russia."

November 2, Dr. Hubert Herring, "Looking Southward."

November 16, Lal Chand Mehra "Meeting of the East and West."

November 30, Prof. E. Wallace Sterling, "War in Review and Prospect."

ALL-WIDELY KNOWN

All speakers in this series are widely-known forum speakers who have been well received in recently scheduled programs in major cities of California. The high school Board of Trustees is bringing them to Palm Springs through a special arrangement with the California State Department of Education.

Expenses for the programs are to be met by reporting certified attendance of adults who are present at not less than half the meetings in a series. The local forum meetings are part of a state-wide program of adult education, and local expenses for the speakers are reimbursable from state funds provided attendance is adequate.

SUPPORT URGED

Charles J. Burkett, president of the high school Board of Trustees, said in authorizing this first series for the current season that he hoped the meeting would be even better attended than last year. He declared he believed the high school district was offering the community a valuable social and educational service by bringing prominent and well-informed public speakers to the desert area to lead discussions on vital current topics. "The more interest there is, and the better the attendance at our meetings, the better the speakers who will be procurable in the future," he said.

FIRST SPEAKER—Richard Atkinson, first speaker on the new Public Forum series.

New Gray Ladies Unit Planned By Red Cross Branch

Mrs. Philip L. Boyd, chairman of the Hospital Recreation Corps of the Palm Springs branch of the County Red Cross chapter, which directs all activities of the Gray Ladies at Torney General Hospital, indicated this week that a new training program for volunteers will be conducted this season.

Qualified women, who are interested in this branch of Red Cross work will find registration blanks available at the Red Cross headquarters on the Desert Inn grounds.

The Gray Ladies, now in their third year of activities at the hospital, have won high praise from hospital officials for their work.

Battle to Cheat Death of Little Baby Proves Vain

Death of John W. Peterson, 6-month-old son of Lt. and Mrs. John W. Peterson of Cathedral City, was reported Wednesday by Deputy County Coroner Seymour Cash to have been accidental due to asphyxiation. The little child was smothered to death in his bedding.

Lt. Peterson, who is stationed at the army air base here, awakened early Tuesday to find the baby strangling in his crib. He rushed the child to the fire department here where Dr. I. W. Lynn was called and the fire department resuscitation squad put on the case immediately.

The department spent some time in a heroic but vain effort to revive the infant.

Funeral services were conducted from the Farrar mortuary in Indio.

City Attorney Roy W. Colegate read the election resolution. Original hours for the elections were 8 a. m. to 5 p. m., but councilmen were agreed that the polls should be open later to enable those employed during the day, to get a chance to cast their ballots.

Councilman Turonnet suggested that action on the election call be postponed until a full council was present but his motion lost as there was no second. On the subsequent roll call after Councilman McCann had moved the adoption of the resolution, seconded by Councilman Allen, Mr. Turonnet cast the lone negative ballot and the election call passed, four to one.

Although there will be but one proposition on the ballot—to buy or not to buy—the Field Club, it will be a long one for the full resolution will be presented.

Carmel Hotel Man Elected President of State Association At Conclusion of Record-Breaking Sessions Here

Climaxing the largest resort convention ever held by the California Hotel Men's association, the annual ball and banquet of the association was held last night at the Desert Inn, in a colorful display of gaiety.

William C. Robinson, elected secretary of the association, reported that during the three-day session, 383 hotel men from California and all of the western states, registered.

MISREPRESENTED

Mr. Shoup charged that opponents of the measure had misrepresented it in his talk on "Labor, Present and Future." He contrasted political and labor leadership "which has contributed nothing in the way of new goods and service" to "individual independence that is the greatest heritage and possession of our citizens."

The meeting was the 33rd annual convention and the third war-time conference of the association.

OFFICERS ELECTED

At concluding sessions, Fred M. Godwin of the La Playa hotel, Carmel, was elected president for the ensuing year, succeeding J. E. Benton of the Ambassador, Los Angeles.

DeWitt V. Hutchings of the Mission Inn, Riverside, was elected first vice-president; Willard H. Davis, Sacramento hotel, Sacramento, second vice-president; R. L. Langer, Figueroa hotel, Los Angeles, third vice-president; Frank Simpson, Savoy hotel, Los Angeles, treasurer; J. E. Benton, Ambassador hotel, Los Angeles, chairman of the board; Dan E. London, St. Francis hotel, San Francisco, vice-chairman of the board; William C. Robinson, Los Angeles, secretary of the California state hotel association.

BACK NO. 12

Many resolutions pertaining to the hotel industry and its problems were adopted by the group in business sessions held in The Plaza. The most important and which affects the entire state, was the approval voiced of a resolution urging the adoption of proposition No. 12 on the Nov. 7 ballot—the right to work.

The club will meet next week at The Desert Inn as usual and continue meetings there until May.

DEMOCRATS!

What role shall we play in the great decision which the American people will make on November 7?

Shall we vote the present administration into power for a fourth time and forsake our allegiance to the real Democratic principles which for most of us has lasted a lifetime, and for some of us several generations?

Our party—the traditional Democratic Party—the party of Jefferson, Jackson, Cleveland and Wilson, has been taken over by the Hillman and Browder forces, exponents of a social system which did not originate in America, which cannot endure in America, which is contrary to everything that America and our true Democratic principles stand for, spiritually, politically and economically, and which has made America great.

SAVE OUR PARTY

Only defeat in November of those now masquerading as our Democratic party can break up the unholy alliance with these forbidding elements which have infiltrated into our councils the past ten years and save our party from itself. To utter the names of Hillman and Browder, to mention these persons in connection with the long line of distinguished and patriotic men and women our party has produced and to whom it is a religion, is to repudiate its one hundred and fifty years of service to the cause of Democracy and progress in our country.

INSTEAD OF "CLEARING EVERYTHING" WITH SIDNEY, WE MUST CLEAR SIDNEY OUT OF THE DEMOCRATIC PARTY.

The heavy burden which will lie upon the leaders of this nation in the days of peace as it has during the long days of this war makes the present critical hour no time for partisan bias. We must follow in the wake of our victory the principles by which we have won it. In destroying the forces of dictatorship and tyranny in the Old World we must control our affairs at home without the use of either of these forces.

In other years we might quarrel with the Republican party, for on the

healthy American system of two great political parties our country's greatness has been built. But this year let us be sensible and in order that we may save our party from destruction and save our free institutions, which have made America great, let us pledge our full support to and vote for Thomas E. Dewey for President, and

Two New Names On G.O.P. Committee For Palm Springs

Arthur E. Bailey, chairman of the Palm Springs Republican committee today announced the addition of two new names to the executive committee of the organization — Clarence Wolff and Mrs. Melba Bennett.

Mrs. Bennett, of the Deep Well Ranch, is well known in the Village having been active here in civic affairs many seasons.

Mr. Wolff, of San Jose, formerly in the canning business in the Santa Clara valley, came here in 1940 and has been a local resident since. He has served on the planning commission, is a Mason Club director and has been active here in civic matters since his arrival.

Chairman Bailey said that the republican club was rapidly rounding into active shape.

"One thing we need now," he said, "is a group of volunteer workers. Anyone interested enough in the welfare of their country to give a little time will be much welcomed here."

DOING GREAT WORK—Mrs. Leo Baker, Palm Springs resident, and Red Cross Volunteer Nurse's Aide, on duty at Torney General Hospital where she has begun her second year of service. Patient is Tec 4 David L. Crabbs, member of the enlisted section of the hospital. Many more Volunteer Nurse's Aides are needed.

Critical Need For More Volunteer Nurses' Aides Is Voiced By Local Red Cross; Registration Is Asked

There is a critical need for graduate Nurse's Aides to work on the wards of Torney Hospital. All graduates of the Red Cross Nurse's Aide Course in Palm Springs are asked by the Commanding Officer, Col. A. B. Jones, to report for duty. They are needed to help care for wounded veterans who are being sent home in ever increasing numbers from the combat areas.

Most of these returning veterans now being admitted to Torney Hospital are California boys — it is up to California women to help these boys back to health. Nurse's Aides who have completed the Red Cross course need no additional hours to qualify for work at Torney Hospital.

LIST QUALIFICATIONS

Nurses' Aides with 150 hours experience in addition to the Red Cross course will be employed under Civil Service by the Hospital. Aides so qualified may live on the Post or in the Village; will work eight hours a day for a six-day week and receive the civil service salary scale.

Volunteer Nurses' Aides may work two or three hour shifts as often during the week as they can. Aides for night duty are particularly in demand.

WHERE TO CALL

The Red Cross chairman for Volunteer Nurses' Aides is Mrs. Mariedna Borden, she may be contacted by Nurses' Aides wishing to register for duty by telephoning 7161; or prospective aides may contact Red Cross Headquarters.

Major Edna M. Traeger, principal chief nurse at the hospital, added to the Red Cross appeal for more volunteer aides.

"Many of our nurses have been sent overseas during recent months, and the arrival almost daily of battle casualties from all theaters indicates that we shall need the service of all women qualified to assist in their care," said Major Traeger this week.

ON DUTY HERE

Throughout the summer Mrs. Dorothy Stein, Red Cross Nurse's Aide was on duty at the hospital. Now with residents returning for the season, she has been joined by Mrs. Mariedna Clay Borden, chairman of the Red Cross Volunteer Nurses' Aide Committee for the Palm Springs Chapter, Mrs. Leo Baker and Mrs. Margaret Walker.

In addition to this group, Miss LeMonne Sennett and Mrs. Lorraine Apple of the hospital secretarial staff, graduate Nurses' Aides, have volunteered for regular duty two nights each week.

Mrs. Eve Morgan On Sheptenko Staff

Mrs. Eve Morgan has joined the staff of the Peter B. Sheptenko real estate office, Mrs. Sheptenko, now managing the concern while her husband is in the army, said today.

Mrs. Morgan is a licensed real estate agent.

One Guy: "Did you mark that place where the fishing was so good?"

Guy Two: "Yes, I put an X on the side of the boat."

First Guy: "That's silly. What is we should get another boat?"

Even if you're on the right track, you will be run over if you sit there.

**Construction of New Bus Depot
On Indian Avenue Site Proposed;
Planners to Act On Matter Tuesday**

Pacific Greyhound Palm Springs station will be located on Indian avenue on a lot just north of the Indian store, which is at the northeast corner of Andreas road and Indian avenue, if the planning commission approves building plans presented city council Wednesday night by R. R. Dunlap, local agent.

Mr. Dunlap, who has been seeking a location since he was notified that the lease on the Plaza site, present depot location, would not be renewed, plans to erect a new depot to cost approximately \$3,000.

PLANS OUTLINED

William Veith, local Indian agent, appeared before city council and reported that the Tribal committee had approved the plan as had the superintendent. He said that the new structure would set back 25 feet to permit both north and south bound uses to park off the street at the same time to load and unload and that a 15-foot alley would be left between the depot and the present buildings at the corner for trucks to unload.

Mr. Dunlap produced plans for the proposed structure.

TO COMMISSION

The project was referred to the planning commission by city council. Planners will meet next Tuesday to consider the application.

To expedite matters, city council will meet briefly next Wednesday afternoon at 4:30 o'clock to act on the planning commission's recommendations.

**Clinics Scheduled
For Oct. 23 And 24
At Health Center**

Mrs. Madge Holderman, public health nurse, announced that the October health clinics would be held on Monday, Oct. 23, and Tuesday, Oct. 24. The child conference on Tuesday will be closed early as Dr. Mildred Van Cleve, in charge, and Mrs. Holderman plan to attend a health conference in Los Angeles later that day.

The September child health conference which started the next season at the Health Center, East Amado road, was the largest in the institution's history.

**"In Palm Springs"
Makes Radio Debut,
Is Heard At Dance**

"In Palm Springs," the new song about the Village written by Jack Kenney, is off the presses with an attractive cover showing a typical Palm Springs scene. Walter Kofeldt, Chamber of Commerce secretary, placed several in the windows at the Chamber and

his secretary has sold several to wives and mothers of local service men to go into Christmas packages mailed before today's deadline.

"In Palm Springs" was heard over the air the other night for the first time and made its dance debut last night when it was played for the California Hotel Men's annual ball.

The song was composed and the lyrics written while Kenney was a guest in Palm Springs.

**First Program of
Season At Desert
Museum Tomorrow**

The Desert Museum will open its doors for the new season tomorrow evening at 7 p.m. Prof. and Mrs. T. D. A. Cockerell, in charge, said this week. The Museum will be open from 7 to 9:30 p.m. and the program will be presented twice.

Winfield H. Line, of Michigan State College and now a resident of the Village, will talk of his experiences in his "Home Near Heaven" when he was fire watcher on a peak back of the Village. The talk will be illustrated and will bring out the great importance of protection against forest fires.

TO SHOW FILMS

Mrs. Cockerell will show the film, "The Arid Southwest" and Prof. Cockerell will give an account of their trip across New Mexico and Arizona, from Colorado to Palm Springs.

On later occasions, Mrs. Cockerell will show many other pictures. An interesting one, not shown here before, shows a road runner attacking and killing a rattlesnake. This picture will be shown on the following Wednesday and Mr. Line will show movies of his pet humming bird which he and his wife, Dr. Grace Line, kept and studied for some time.

PLAN EXCURSIONS

Mrs. Inez Hale, who formerly taught in Las Vegas, New Mexico, Normal school and has resided for many years in the west, is now with Prof. and Mrs. Cockerell at the Museum. She is a graduate of the University of Chicago.

Mr. Line, who has gone hiking in most states of the union will lead some of the Museum's Field trips this season.

**Phil Boyd Speaks
Before Highway
Group At Riverside**

Assemblyman-Elect Phil Boyd of Palm Springs was among a group of speakers last Monday night at the Mission Inn, Riverside, when the question of realignment of U. S. Highway 395 to take it directly from San Diego through Riverside and San Bernardino, into the San Joaquin valley was discussed.

It is planned to eliminate curves and ease grades and ultimately convert Highway 395 into a great interior freeway extending from the southern border to central California.

Mr. Boyd said that the proposal to build a great freeway linking the interior counties would be of much benefit to all.

Mr. and Mrs. William M. Davis have returned to Palm Springs to spend the summer at their home in Lake Geneva, Wis. Dr. J. R. Macartney, pastor of Community church, was their guest following his trip to the General Assembly of Presbyterian churches at Chicago last June.

The bag was taken, evidently by mistake, from the bus depot on Sept. 28. Mrs. Faure isn't concerned about the clothing lost but she had out several papers, valuable only to herself, in it. Some were her husband's discharge papers from the army; others, financial papers of value to no one else.

The party who took the bag is asked to get in contact with R. R. Dunlap, Greyhound agent here.

"I Rise to Remark"
By CONGRESSMAN JOHN PHILLIPS

These first two columns, which will probably go back in the same mail, can give only the incidents of the trip over and of the first week. The next three weeks, possibly with other trips, and reactions to conditions here, will have to be reported when I get back.

My particular interest has been in the problem of food and I was asked by the War Food Administrator to check into certain details he did not want to put into the greater formality of a letter. I have had several conferences and am to see Lord Woolton on Thursday. He set up the food control here and did a first class job.

You would have laughed to see me last Friday. One of the things we are asked to do here, by the OWI, is to make a record for broadcasting to the Germans over short wave. In a thoughtless moment, I suggested that if the station would have a short paragraph put into German, addressed directly to the German farmers, I could undoubtedly read it.

That was apparently something the station had wanted, but when I got there to make the record, I found my German broadcast was two long pages, with characteristic multisyllable German words. You should have heard me struggle through it. I appealed to the farmers to save their grains and cattle, not take them to the cities, for imports were rapidly being cut off, and by so doing they would shorten the war. Then I made one in English, as did the others.

Tuesday, I drove out into the East Ham district, a comfortable working class district, as they would say here, and looked up some distant cousins. I had never seen them before. It gave me a chance to talk about the conditions of the blitz and the flying bombs. A big bomb had fallen beside their backyard shelter, injuring the husband, and the flying bombs had taken the back windows out of the home. The daughter was a WAAF, the equivalent to our WAC.

It is impossible to see everything, especially on so quickly arranged and so short a trip. I hope to see x x x x the largest of our hospitals, and to go down to Dover. Two of the party went down last week, getting off at the station and walking around

Mr. English is a prominent manufacturer and has been identified with civic projects in the southland for some time.

be the riders of the Los Compadres club, sponsors of the event.

LITTLE BEAR HERE

Pres. Moseley of Los Compadres was especially gratified that Little Bear, who has taken part in almost all of the western events, rodeos and gymkhana held here, is able to join in the event.

Another picturesque character in the parade will be Zip Moore, who looks more like Buffalo Bill than Buffalo Bill. He will have his burro train in the parade.

And last, but not least, will be Jimmy Glendye, the Roving Constable.

AT FIELD CLUB

Events at the Field Club will include all of the usual Gymkhana features winding up with the traditional calf roping event. A full afternoon is anticipated.

Dorothy Cooper, member of the Los Compadres, in charge of prizes for the Gymkhana, said that there will be prizes for every event at the Gymkhana and listed the following merchants as donors:

Devine's Market, Sam and Leo El Paseo Market, Dune's Cafe, Rolly's Cafe, Garnet, Safeway Store, Nicholson's Dept. Store, Lykken's Dept. Store, Tailored Lady, Bullock's, Desmonds, Fulton's Men's Wear (in the Oasis Hotel), Palm Springs Drug Co., The Frontier Shop, The Village Pharmacy, The Desert Drug Store, Hatchett's Market, Reed's Radio Shop, Palm Springs Music Co.

Red Cross Gets Set For Season of Full Service

Directors of the Red Cross under the chairmanship of Harold West, held their first meeting of the season Wednesday. Very evident before the meeting was half over was the fact that the Palm Springs branch of the American Red Cross is going to have a full season of vital war effort in Volunteer Nurses' Aide training and service, surgical dressing production, Motor Corps car pool, Home Service, etc.

As never before, Villagers will be called upon to WORK in the service of the fighting men who are being returned wounded from combat areas overseas.

ALL MUST HELP

Commenting on the year's program ahead, Mr. West, chairman of the local branch, said, "The time is here when we need the effort of all willing citizens to help on the home front under the banner of the Red Cross. There is an urgent need for Volunteer Nurses' Aides at Torney Hospital and all graduate Nurses' Aides in the Village are urged to register immediately for service at Red Cross headquarters. Training classes will start just as soon as the services of a qualified teacher can be secured. We expect to have an active car pool operating through Red Cross headquarters so that wounded service men and hospital personnel can get to Los Angeles in comfort. All persons driving out of town can help by registering the time of their trip with the Red Cross and the number of passengers they can carry. The demand for surgical dressings is most acute and workers are asked to report immediately to headquarters."

HEADQUARTERS OPEN

Red Cross headquarters on the Desert Inn grounds opened this week with Staff Assistants on the job to answer questions and to receive registrations for Nurses' Aides and surgical dressings workers.

At the Red Cross directors meeting Wednesday, Mrs. Arthur Borden was appointed chairman of the Nurses' Aide committee. Mrs. Borden will not only serve as committee chairman, but does her daily stint at Torney Hospital as a graduate Volunteer Nurses' Aide. Other business included the selection of a nominating committee to serve for the nomination of a new board of directors; the nominating committee includes Fred Ingram, chairman, Mrs. Florence Lockett, Mrs. Armand Tournet, Mrs. Vera Nicholson, Frank Cutler. The new board of directors will be voted upon at the next meeting, the annual

Postmaster R. M. Gorham, said today.

The postoffice, in its new location, will be enlarged by the addition of two new windows and it is the material for these which is now being awaited.

Postmaster Gorham said that he hoped to be in the new location by Nov. 1.

He said that the deadline for the last mail out of Palm Springs, east and west, which is now 7 p.m., would be extended to 8:30 p.m.

This will give local firms and others wishing to take advantage of a late mail to points east and west an additional hour and one half to make the mail, Postmaster Gorham said.

One-Armed driving is a handicap that it takes two to overcome.

Real And Adopted Villagers Yearn to Be Here Again

When the copy of The Desert Sun, addressed to Cpl. Harold Barkow gets to Fort Lewis, Wash., it now does double duty.

The other week when Cpl. Barkow was in his barracks perusing The Sun, the soldier in the bunk opposite his, asked:

"Are you from Palm Springs?"

That started the conversation and it developed that the other soldier was T/4 Joe Davis who was stationed at Torney General Hospital from Nov. 1, 1942, to May, 1944. He lived here with his wife. In May, he was transferred to Camp Grant, Ill., and then to Fort Lewis a few days ago.

Although his only experience in Palm Springs was in the army, Davis was a staunch Village booster. Looking out at the Washington weather, he said with all the fervor of a dyed-in-the-wool desert resident:

"Gee, I wish I was in Palm Springs!"

Cpl. Barkow, co-publisher of The Desert Sun and advertising manager now on leave to be with the army, agreed heartily.

TORNEY GENERAL HOSPITAL EVENTS

News of the Enlisted Men of the Medical and Quartermaster Detachments at Torney Army General Hospital, Palm Springs

(Pfc. Ted W. Engstrom)

Torney patients, duty personnel and civilian employees were among the first audiences to see Rhythm Rumpus, top-notch vaudeville show that featured magic, ventriloquism, dance and song acts last Saturday night, October 7, at the Post Theatre. This rollicking revue, which was long on laughs, is the newest USO-Camp Shows production to join the hospital circuit. Members of the cast are Phil Wayne, ventriloquist, Los Pachos Trio, musical act, Anita Anton comedienne, June Lloyd, tap and acrobatic dancer, Marty Barret, comedian and Linda Lark, singer.

The Los Pachos Trio, with their colorful Mexican costumes and authentic South American songs, are rhythmic exponents of the "Good Neighbor" policy. The men, Alfredo Martinez Gill, Chu-chu Navarro and Hernando Aviles, have been singing and strumming out tunes on their guitars for three years in the United States.

TALENTED CAST

Linda Lark, attractive blonde, came up from New Orleans some three years ago to seek her fortune in New York. Before her jaunt to the big city, Linda made her professional bow at the Plantation in this southern city.

June Lloyd, acrobatic and tap dancer, is an attractive blonde who does fast tap and acrobatic ballet which she has perfected the years she has been dancing. Anita Anton, a lovely statuesque blonde, looks much too smooth and sophisticated to be a zany comedienne. But when you hear her characterizations, accents and suppressions, with facial contortions to match each "personality" you will know she is a naturally funny gal in spite of her beauty.

LONG ON STAGE

Marty Barnet, comedian, who has been in the show business for 23 years, was born in New York. His father, David Debetz, was a prominent actor on the Jewish stage both in New York and in Europe. When Marty was a youngster he toured Europe as a child star with his father.

Phil Wayne first studied ventriloquism to overcome an inferiority complex which resulted from a broken hip. After two years of concentrated work he mastered the technique and soon became a bona fide member of a Major Bowes unit that played theaters throughout the country.

SERVICE RESUMED

Torney is one of fifty-eight General Hospitals in this country to have its own photographic department to serve under the Public Relations Branch. New and complete camera and developing equipment is being shipped by the Holabird Signal Depot in Baltimore and is expected to arrive here soon.

A dark room is to be set up on the Post and the photographic work, from start to finish, will be carried on under the direction of the Public Relations Branch.

This will be the third season for the local group of Gray Ladies to render this much appreciated service for the patients here.

Twenty volunteers have already started their activities of

Ceremonies Honor Memory of Flyer Killed Near City

It was just two years ago last Sunday, on October 8, 1942, that Captain Don E. Brown, son of Film Comedian Joe E. Brown, was fatally injured in a routine airplane flight north of Palm Springs. In commemoration of the second anniversary of the tragedy, brief graveside ceremonies were said Sunday in Forest Lawn Memorial Park, Los Angeles.

Wreaths were placed on the grave by Comdr. Phil Fleschner of the Don E. Brown post of the American Legion and by Alex H. Goldberk of the Don E. Brown post of the Veterans of Foreign Wars. Fifteen State Guardsmen comprised the color guard.

The film star, his wife and close friends witnessed the ceremony.

Cpl. Harold Barkow Goes to Denver to Start New Course

Word was received here today by Mrs. Marcella Barkow that her husband, Cpl. Harold Barkow, well known Villager, advertising manager for The Desert Sun, on leave of absence to serve in the army, is now in technical training school at Fitzsimmons General Hospital, Denver.

After joining the army on Dec. 7, 1942, Cpl. Barkow was with the headquarters detachment at Fort MacArthur until this summer when he was transferred to Fort Lewis, Washington. This week he was sent to medical corps training school in Denver.

Mrs. Barkow, who went to San Pedro to live while he was stationed at Fort MacArthur, has returned to Palm Springs to live and is now at the Barkow home, 1338 Buena Vista drive.

visiting, letter writing, shopping, package wrapping, distribution of magazines, flowers, candy, cookies, etc., attending to errands and the multitude of other useful services which they perform so graciously.

The entire group will meet at the Red Cross Building next Thursday morning at which time Maj. Forrest E. Williams, Director of the Reconditioning Division, will speak concerning the Army's reconditioning program. Miss Lauretta Wilkinson, Torney's Red Cross Field Director, and Miss Madeline Hagerty, Head Recreation Worker, will be introduced by Mrs. Philip L. Boyd, chairman of the Corps.

OVERSEAS PATIENTS

Three more Torney patients are on their way home, happy civilians, having been given Honorable Certificates of Disability Discharge this past week. The three overseas veterans are S/Sgt. Henry C. Hammersla, last stationed in Hawaii; Pfc. J. T. Farrar, who served in the Middle Eastern Theater of Operations; and Pfc. Owen E. Kennedy, a South Pacific veteran. All three are native Californians.

Group; Headquarters to Be Opened**

Palm Springs will next week have a Dewey for President Democratic club it was announced yesterday by Armand Turonnet, named chairman for the group. A meeting will be held early next week to complete organization plans and it is planned to establish local headquarters.

The announcement was made following a visit to Palm Springs by Warren Pinney, formerly of the El Mirador, who was recently named head of the southern California Dewey Democratic club.

LEADER HERE

Earlier this week Harold English, a leader in the Democratic party for many years, arrived in the Village to spend the season here and told of the revolt among party leaders against the trend of their party.

The intent to vote for Gov. Thomas E. Dewey does not mean that these Democratic leaders have turned Republican, Mr. English intimated. They are planning to vote for Mr. Dewey to save their party. When the alien influences have been eliminated and the Democratic party has gone back to its original standards, they will all be back in the ranks.

OUTLINE PURPOSE

The purpose behind their move is outlined in their first appeal to their fellow Democrats: "What role shall we play in the great decision which the American people will make on Nov. 7? Vote the present administration into power for a fourth time and forsake our allegiance to the real democratic principles which for most of us has lasted a lifetime and for some of us several generations?

"Our party—the traditional Democratic party—the party of Jefferson, Jackson, Cleveland and Wilson, has been taken over by the Hillman and Browder forces, exponents of a social system which did not originate in America, which cannot endure in America, which is contrary to everything that America and our true democratic principles stand for, spiritually, politically, and economically, and which has made America great.

Democratic party can break up the unholy alliance with these forbidding elements which have infiltrated into our councils the last ten years and save our party from itself.

"Instead of 'clearing everything with Sidney,' we must clear Sidney out of the Democratic party."
